

# Directions to Michael Whitehead's bench in Central Park, New York

On the map below, the bench location is marked with a pink dot.

There are 2 ways to get to the bench. The first is enter the park along the road (shown in light grey) at East 102nd Street and take the 2nd pedestrian path on your left.

The other option is to enter at the pedestrian entrance between East 101 and East 98 (the missing street numbers don't continue to the Park) and then walk North and take a few turns.
